Demystifying Bra Fitting and Construction Norma Loehr

Custom bras are wonderful sewing projects. They are easy to make, fit perfectly, and can be worn every day. But until now, the techniques of custom bra making have been difficult to access.

Demystifying Bra Fitting and Construction reveals the secrets of bra couturiers, teaching you what you have always wanted to know about fitting and sewing your own bras. Professional custom bra maker Norma Loehr breaks down the fitting and construction process into simple, easy to follow steps so you can get great results on your bra making projects. With easy-to-follow instructions, color photos, and a guide to sourcing materials, this book has everything you need to make your own professional looking bras in no time at all.

Whether you are a home sewer or an aspiring lingerie designer, this book is for you!

“Not only does custom bra maker Norma Loehr sew wonderfully, she's smart - so her well thought out and beautifully presented work on bra making has resulted in a book that inspires and educates.” Susan Khalje, Author, Bridal Couture and Linen and Cotton and Contributing Editor for Threads Magazine

"I've had the privilege of testing Norma's book before its release, and it's an absolute must buy for anyone interested in sewing their own bras (seriously, there's one gem of bridge fitting advice in there alone that's worth the purchase price!)." Melissa Fehr, Fehrtrade.com

From reader reviews:

Lorena Repass:

Book is to be different for each grade. Book for children right up until adult are different content. We all know that that book is very important for all of us. The book Demystifying Bra Fitting and Construction has been making you to know about other expertise and of course you can take more information. It is very advantages for you. The guide Demystifying Bra Fitting and Construction is not only giving you more new information but also for being your friend when you experience bored. You can spend your own spend time to read your publication. Try to make relationship using the book Demystifying Bra Fitting and Construction. You never truly feel lose out for everything in the event you read some books.

Robert Maselli:

As people who live in typically the modest era should be change about what going on or details even knowledge to make these people keep up with the era that is always change and progress. Some of you maybe may update themselves by reading books. It is a good choice for yourself but the problems coming to you actually is you don't know which one you should start with. This Demystifying Bra Fitting and Construction is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and need in this era.

Franklin Richter:

Nowadays reading books be a little more than want or need but also get a life style. This reading routine give you lot of advantages. The huge benefits you got of course the knowledge the particular information inside the book that will improve your knowledge and information. The info you get based on what kind of publication you read, if you want attract knowledge just go with schooling books but if you want feel happy read one with theme for entertaining for example comic or novel. The particular Demystifying Bra Fitting and Construction is kind of publication which is giving the reader unstable experience.

Kayla Congdon:

What is your hobby? Have you heard that will question when you got college students? We believe that that query was given by teacher to their students. Many kinds of hobby, All people has different hobby. And you know that little person including reading or as reading through become their hobby. You should know that reading is very important and also book as to be the issue. Book is important thing to incorporate you knowledge, except your personal teacher or lecturer. You find good news or update concerning something by book. A substantial number of sorts of books that can you choose to use be your object. One of them is this Demystifying Bra Fitting and Construction.
