### **BOOK #1: Potty Training In 3 Days:20 Most Used Effective Strategies To Fast and Easy Potty Training**

Most experienced parents will tell you that potty training was one of the most difficult things they went through with their child. Some will say to you that there is no easy way and that you simply have to trust your child and hope for the best.

Others will share with you specific steps they took that led to their child miraculously learning how to use the potty. Potty training does not have to be a difficult and lengthy process; there are methods, techniques, and steps you can take that aren't just based on one success story, but are proven to work through hundreds of success stories. In this book, you will find all the strategies you will ever need to know to successfully potty train your child. Potty training is a significant step toward independence for a child, and though there is no one best method, there are many tactics and strategies that you can employ.

This book is any parent's bible for the most successful ways to help your child make a stress-free and comfortable transition to the potty

#### **This book will:**

- Give you a general guideline you should follow, including an explanation of when you should start potty training your child
- Provide an overview of the benefits of successful potty training for both you and your child
- Present drawbacks and problems you may encounter if your child is not properly potty trained
