The Private Gardens of Georgia is a tour of thirty of the most beautiful gardens across Georgia, and shows how each has evolved into a place of charm and tranquility. These private oases illustrate unique plant and terrain differences at all seasons of the year and reveal the unique diversity found from the mountains to the piedmont and south Georgia, to the coast and the Golden Isles. Along with a brief history of each garden is fascinating information on the extensive diversity of plant materials that are suitable not only to these regions of Georgia, but to other areas in the southeastern United States.
