The Jungle (Bedford Cultural Editions Series) Upton Sinclair

Upton Sinclair's novel *The Jungle*, which inspired passage in 1906 of the Pure Food and Drug Act and the Meat Inspection Act, stands as a classic of twentieth-century American literature and social protest. In this accessible and thorough edition by Christopher Phelps, a critical introduction addresses the wide range of issues raised by the text, including early twentieth-century working conditions, immigrant community, race and gender, political reform, and the continuing relevance of Sinclair's investigation. This edition uses the most widely recognized text of *The Jungle* — the Doubleday, Page edition published in 1906 — and provides an illuminating supporting document: President Theodore Roosevelt's delivery to Congress of the official report that confirmed *The Jungle*'s shocking allegations about the Chicago meatpacking industry. Questions for consideration, a chronology, and a selected bibliography help contextualize Sinclair's novel and provide students with resources for further study.
