BLOOD, SWEAT & TEARS is Book 5 in the exciting postapocalyptic series, THE NEW WORLD.

War!

All Gordon Van Zandt wanted was to find a safe place for his family to settle down after civilization came to an abrupt end following the detonation of a super-EMP over North America. Through hardship and loss he found a sanctuary in the mountains of Idaho; however, the realities of the new world again come crashing down when his brother, Sebastian, is murdered by a deranged U.S. Army officer hell-bent on crushing a secessionist movement Gordon had no part of. Forced to take sides in a conflict he sought to avoid, he comes to realize that if his family is to have peace, he'll have to go to war to secure it.

With revenge in his heart and an army at his disposal, he goes on the offensive against the very country he once swore an allegiance to defend.

President Conner's forceful determination to prevent the country from fracturing only hastened it. Faced with all-out war against the newly formed Republic of Cascadia in the Northwest and with other secessionist movements gaining steam, he discovers he's an isolated man with few options for victory.

War is hell and now many will find out how true that is.
