For years Cameron has hidden behind a façade of normalcy, warned there were those who would do her harm should they uncover the truth...that she is a mind reader. She never imagined her biggest threat would come from the parents she thought dead. Cameron's life changes dramatically when she's abducted by her mother, a woman she hasn't seen in thirteen years. Even more shocking is the truth... Cameron's mother leads a group of rogue mind readers and their number one enemy is Cameron's very own father. Everyone has their own agenda and Cameron is caught in the middle, unsure who to trust. But one thing is clear, war looms on the horizon and in order to save those she loves, Cameron must not only pick sides, but learn to believe in herself and her powers. This book contains kissing and cursing. It is best for ages 14 and up.
