Dress for SEXcess: New ways to dress up and decorate the female body in very SEXually attractive ways on a tight budget for more variety, more fun, more sex, and a happier marriage ScissorMan
Dozens of Unique NEW Ways to Improve Your SEX Life - Guaranteed Many of the ideas and illustrations in this book show how to create something even sexier than many Victoria's Secret outfits, but often for only a dollar or less. Any couple who wants to improve their sex life can find many ideas that they will have fun using. The ScissorMan believes that a good marriage should have lots of fun, laughter, romance, and great sex, and his ideas can help any couple add a lot more of these factors to their relationship, and do so on a very limited budget. A main lesson of the book is to look at what turns most males ON. ScissorMan shows great insight into analyzing what attracts men to women visually. One woman who did a pre-publication review said that the wisdom in Chapter 2 alone is worth the price of the book. Most wives can learn a lot from the wisdom he has accumulated over his many years. ScissorMan goes way beyond general analysis and has literally hundreds of practical suggestions on how to take almost any article of clothing and turn it into something sexier and more revealing. It is guaranteed that you will find suggestions and ideas here that you will never find anywhere else. This is a very unusual book, in that it does not fit into any of the usual genres. It contains a touching romantic true-love story, as the author looks back over his very happy 50+ year marriage to his high school sweetheart, a marriage that still includes a very active sex life in their 70's. Their unique relationship has no breakups, no 'Ex' anythings, and no old excess baggage – and yet after a very passionate 5 year courtship, these two young sweethearts were both still complete virgins on their wedding day. He provides personal, very smart relationship management advice from his own marriage. The book also has more helpful marriage relationship tips and practical wisdom than most traditional marriage manuals. Most marriage manuals go into great detail about marriage problems and often tend to concentrate on the many possible negative aspects of marriage relationships, and how to deal with these negative situations. The ScissorMan leaves it up to these traditional marriage counselor professionals to deal with the problems in a relationship. He concentrates on the positive aspects of a marriage based on his own personal experience and his extensive study of relationships. He believes it is better to just focus on what is right with a marriage and build on these factors to improve the marriage. ScissorMan has an exceptional, One-In-A-Million marriage and has done extensive relationship study. He wrote the book because he believes in the Biblical teaching In Luke 12:48 (NIV) "From everyone who has been given much, much will be demanded". He feels compelled to share his wisdom, but he also values the privacy of his marriage. He writes as "ScissorMan" because it is the best way to respect his wife's desire to keep the true details he includes about their love life private from family and friends. The book includes the details of a lot of relationship intimacy that many people never achieve if they start out in today's world of quick hook-ups and short-lived relationships, even if they end up in a long term marriage. ScissorMan believes that the old traditional relationship strategies that he and his wife followed are a major factor behind their One-In-A-Million fairytale love story. He believes that the very liberal relationship rules and practices of today usually end up causing long-term relationship problems. Guaranteed that you will find over a dozen tips that you have never seen anywhere else – probably a hundred new tips you have never tried. This book is not just a rehash of old ideas. Author offers \$100 reward to first person who can show any prior publication of the main new idea highlighted in Chapter 3. Scroll up and Click on "Buy Now" to add some New Spice to your marriage – Guaranteed.
