Sierra is a werewolf and she's wild and free. She doesn't want to be tied down to tradition, and become another breeding machine.

Instead she has a relationship in secret with a wolf from another pack. Shane is in the inner circle and second in line to be the next Alpha.

When Sierra falls pregnant she's banned from her pack, but Shane isn't willing to give up his position to take her in as his mate.

She's alone and vulnerable as a lone wolf.

When the witches attack and they realize she's carrying a future alpha. They both know that the attacks won't stop, and as long as she's alone she's in mortal danger.

Can Shane give up his place in the inner circle and live his life as a mundane wolf? Or is his urge to be Alpha so strong that he's willing to sacrifice the woman he loves and the child she carries?
