The Life of Our Lord

Charles Dickens

The Life of Our Lord Charles Dickens

An unusual children's classic from the author of *A Christmas Carol* gives a retelling of the Christ story in an accessible and amusing manner

Never published in its author's lifetime and intended solely for his own children—to whom he read it every Christmas—*Life of Our Lord* is a straightforward and gently humorous take on Jesus Christ's life and teachings. Far removed from the sharp satire and social dimension of his more famous writings, but showcasing his characteristic humanity and genius for storytelling, this is both an essential work for those wanting to see a different, more intimate side to Dickens's prose and a timeless retelling for children and adults alike.
