How to Practice Doodle Art

Hello, Everyone! Welcome to, Doodle Cats: How to Practice Doodle Art. This little ebook that you've decided to pick up today is a guide book not only on how to teach yourself to draw your basic cats, but also a guide on how to practice Doodle Art. You see, Doodle Art is so much more than simply learning how to draw. While learning to draw, to sketch, and to bring to life can be a marvelous and fulfilling experience, it can also be an extremely stressful one, especially if you're subjecting yourself to someone else's idea as to how you should go about learning how to draw.

You're not going to find anything like that here. My goal isn't to teach you how to make a photographic image on paper with a pencil. I'm not seeking to teach you the proper way to use shading or thatching or any one of a thousand different art terms that are, quite frankly, frightening for most of us. All that I want to do for you is to show you that you can draw the most basic of shapes.

Yes, you!

You don't need to worry about looking at a cat and drawing it perfectly. That's not the point of Doodle Art. In fact, that's pretty much the complete opposite of Doodle Art. In Doodle Art, you're going to be searching for a way to free your mind because there's a whole lot of zen in Doodle Art.

And don't worry, I'm not here to try and talk about the meditative practice of zen, or of how the Buddhists go about getting their zen on either. I'm not a zen master, and even if I was, I wouldn't be able to teach you about it. They say that the path to zen for every person is different!

Nope, the goal that I've set for myself in this little ebook is to be able to help you, the reader and the future Doodle artist, how to get the most out of your Doodle Art.

So, with that being said, let's move on to our first cat and see just what we can do today!

Here is a preview of what you'll learn:

- - Your First Doodle Cat
- – The Imperious Cat
- – The Cat Who Walked Away and so on
