Game Magic: A Designer's Guide to Magic Systems in Theory and Practice Jeff Howard

Make More Immersive and Engaging Magic Systems in Games

Game Magic: A Designer's Guide to Magic Systems in Theory and Practice explains how to construct magic systems and presents a compendium of arcane lore, encompassing the theory, history, and structure of magic systems in games and human belief. The author combines rigorous scholarly analysis with practical game design advice in the form of a magical recipe book (grimoire).

The book gives you an in-depth understanding of the history and structure of magic to make your games richer and deeper. It shows how to set up tables of correspondences and spell components as well as how to write programming code integrating these components as part of game mechanics. It also illustrates how to divide a simulated world into domains of influence (such as alteration, conjuration, and necromancy) and how to use specific rule systems to simulate powers within these realms.

Showing you how to weave compelling magic into your games, the book is interspersed with examples that illustrate how to design and program magic systems. Working examples are available for download on a supporting website.

From reader reviews:

Vernie Ruiz:

Reading a e-book tends to be new life style in this particular era globalization. With reading you can get a lot of information that may give you benefit in your life. Together with book everyone in this world can easily share their idea. Publications can also inspire a lot of people. Lots of author can inspire their very own reader with their story or even their experience. Not only the story that share in the guides. But also they write about the ability about something that you need illustration. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that exist now. The authors on this planet always try to improve their expertise in writing, they also doing some investigation before they write for their book. One of them is this Game Magic: A Designer's Guide to Magic Systems in Theory and Practice.

Gwen Dawes:

The reason why? Because this Game Magic: A Designer's Guide to Magic Systems in Theory and Practice is an unordinary book that the inside of the e-book waiting for you to snap the item but latter it will shock you with the secret this inside. Reading this book beside it was fantastic author who else write the book in such remarkable way makes the content within easier to understand, entertaining method but still convey the meaning fully. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This unique book will give you a lot of gains than the other book have got such as help improving your talent and your critical thinking way. So , still want to hold off having that book? If I were being you I will go to the publication store hurriedly.

Claudine Currie:

This Game Magic: A Designer's Guide to Magic Systems in Theory and Practice is great guide for you because the content which can be full of information for you who also always deal with world and have to make decision every minute. This specific book reveal it details accurately using great coordinate word or we can state no rambling sentences within it. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only will give you straight forward sentences but hard core information with attractive delivering sentences. Having Game Magic: A Designer's Guide to Magic Systems in Theory and Practice in your hand like getting the world in your arm, facts in it is not ridiculous a single. We can say that no guide that offer you world inside ten or fifteen tiny right but this guide already do that. So , this is good reading book. Hello Mr. and Mrs. hectic do you still doubt which?

Stella Carpenter:

On this era which is the greater man or who has ability to do something more are more important than other. Do you want to become among it? It is just simple strategy to have that. What you need to do is just spending your time very little but quite enough to experience a look at some books. One of many books in the top listing in your reading list will be Game Magic: A Designer's Guide to Magic Systems in Theory and

Practice. This book that is certainly qualified as The Hungry Mountains can get you closer in getting precious person. By looking upward and review this e-book you can get many advantages.
