This is a Standalone Story - NO Cliffhanger ending.

WARNING: Contains graphic language, sex and violence. Intended for mature readers only.

Brock "The Rock" Carter has had one serious relationship in the whole of his adult life but she did something unforgivable.

The tattoo on the inside of his forearm marks the date.

The other date tattooed on his arm is in memory of his loss from a year earlier.

Now all he does is what he's done since he was thirteen... hitting on girls for what he can get out of them.

With the scars of the past his soul searches for a family connection.

A connection that goes deeper than that of his brotherhood of fighters.

A brotherhood that could be torn apart when love crosses the line and others try to manipulate those involved in the messy love triangle.

With a showgirl mother and a player for a father who has his own sordid secrets, will Lizzie give Brock what they have missing in their life? Can she? Will she be allowed to?

This is a fight they both need to win. A fight bigger than the one Brock has to face with his best friend Jake.
