Der Prozess der Software-Entwicklung in Zahlen (German Edition)

Georg Erwin Thaller

Der Prozess der Software-Entwicklung in Zahlen (German Edition) Georg Erwin Thaller

Eine Reihe von Managern im Bereich der Software hat jahrelang behauptet, dass Software einer quantitativen Analyse nicht zugänglich wäre. Das entspricht natürlich nicht den Tatsachen. Software, ihre Entwicklung und ihr Verhalten im Feld, lässt sich messen wie andere Güter auch. Es kommt lediglich darauf an, geeignete Maße und Metriken zu finden.

Wenn wir die Entwicklung der Software betrachten, so scheitern die weitaus meisten Projekte daran, dass sie ihren Zeitplan nicht einhalten können und das geplante Budget weit überschreiten. In vielen Fällen wird die Entwicklung abgebrochen, und der Kunde bekommt für seine bereits geleisteten Zahlungen keinerlei verwertbare Gegenleistung.

Es wird daher Zeit, die Entwicklung der Software unter quantitativen Gesichtspunkten zu untersuchen, nach Zahlen zu fragen und die Ergebnisse aus anderen Projekten in die eigenen Überlegungen einzubeziehen.

Wer bereit ist, aus den Fehlern anderer zu lernen, ist nicht dazu verurteilt, sie selber zu machen. In diesem Sinne macht dieser Text Erfahrungen aus einer Vielzahl von Projekten zugänglich, die durch Zahlen unterlegt sind.

From reader reviews:

Eunice Bourque:

Do you considered one of people who can't read pleasant if the sentence chained inside the straightway, hold on guys this kind of aren't like that. This Der Prozess der Software-Entwicklung in Zahlen (German Edition) book is readable by simply you who hate those perfect word style. You will find the info here are arrange for enjoyable reading through experience without leaving actually decrease the knowledge that want to deliver to you. The writer of Der Prozess der Software-Entwicklung in Zahlen (German Edition) content conveys objective easily to understand by a lot of people. The printed and e-book are not different in the content but it just different in the form of it. So , do you nonetheless thinking Der Prozess der Software-Entwicklung in Zahlen (German Edition) is not loveable to be your top list reading book?

Graciela Tubbs:

Reading a reserve tends to be new life style within this era globalization. With examining you can get a lot of information which will give you benefit in your life. Using book everyone in this world may share their idea. Guides can also inspire a lot of people. Plenty of author can inspire their particular reader with their story or perhaps their experience. Not only the story that share in the textbooks. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors in this world always try to improve their expertise in writing, they also doing some research before they write on their book. One of them is this Der Prozess der Software-Entwicklung in Zahlen (German Edition).

Leticia Brewster:

Your reading 6th sense will not betray an individual, why because this Der Prozess der Software-Entwicklung in Zahlen (German Edition) reserve written by well-known writer whose to say well how to make book that could be understand by anyone who have read the book. Written within good manner for you, still dripping wet every ideas and producing skill only for eliminate your own personal hunger then you still question Der Prozess der Software-Entwicklung in Zahlen (German Edition) as good book not just by the cover but also through the content. This is one guide that can break don't judge book by its deal with, so do you still needing an additional sixth sense to pick this specific!? Oh come on your looking at sixth sense already said so why you have to listening to one more sixth sense.

John Solorio:

Book is one of source of knowledge. We can add our knowledge from it. Not only for students but native or citizen need book to know the revise information of year to help year. As we know those books have many advantages. Beside most of us add our knowledge, may also bring us to around the world. By book Der Prozess der Software-Entwicklung in Zahlen (German Edition) we can acquire more advantage. Don't one to be creative people? Being creative person must like to read a book. Just choose the best book that suitable

with your aim. Don't always be doubt to change your life with that book Der Prozess der Software-Entwicklung in Zahlen (German Edition). You can more attractive than now.
