In this book, people talk about how they started out, the jobs they've done, what they studied and where they are now. They share their dreams, disappointments and struggles, passion and determination as they look back on their lives and at the often surprising career paths they've created for themselves. They all say: develop your strengths, take every opportunity that comes your way, don't give up, don't be afraid to change, and do what you love - you'll be good at it! Fifty men and women from a wide range of professions talk openly about the curly career paths that have led them to where they are today.
