Everything You Ever Wanted To Know About Hillary Clinton Jack McCabe

Hillary Rodham Clinton is among the most distinguished and polarizing politicians in American history. She was the First Lady, a Senator, the Secretary of State, and a two time Presidential candidate.

Controversy has dogged Hillary every step of the way, from the prominent voice she had in her husband Bill's Presidency, to her testimony during the Whitewater inquiries, the Monica Lewinsky scandal, her controversial Senate run in 2000, inconsistent views on the Iraq War and gay marriage, the Benghazi attack, and her private email server, it seems like controversy follows Hillary around like a shadow.

But what do people really know about Hillary? Many make the mistake of just looking at her as Bill Clinton's wife or a carpetbagging pseudo-New Yorker, but Hillary Clinton has spent decades creating a resume of nation-shaping political and activist work that most other Presidential candidates could only dream of.

This book tells the story of how Hillary Diane Rodham went from being the daughter of a textile merchant in Chicago to the verge of the highest office in the United States of America.
