The Book of Knowledge: I Am Alien Roman Harambura

We all have questions ... "Who actually built the pyramids?" "What happens after we die?" "Who created crop circles? And why?" "Nostradamus: the Healer-the Prophet-the Man" "Cleopatra: the women behind the legend" "Who actually controls humanity?" "If Nikola Tesla was so important, why is he so forgotten?" "What is the purpose of life?" But who has the answers? Without a doubt, author Roman Harambura believes, we hold the answers ... within our imagination, the greatest gift of all. The universe, he explains, is filled with life, and human beings are not alone. Earth, our home, is simply one planet in a sky filled with thousands of universes, each with the potential to harbor life beyond our human ability to understand. If we can simply come to accept and embrace the fact that we are just one small part of the inconceivably vast miracle of life across the stars, our own world would change. Imagination, in Harambura's experience, is our greatest gift. In his *The Book of Knowledge: I Am Alien*, he shares an eclectic and thought-provoking array of ideas to inspire, engage, and capture your imagination. As expressed by a being known as Kuntarkis, the hundreds of lessons, insights, and experiences within are intended to instigate your own questions and journey of discovery. Kuntarkis also answers questions submitted by people from all over the world. This book is highly recommended for those who are seeking a broader understanding, not just about their own lives, but life in all aspects.
