Thank You, Goodnight: A Novel Andy Abramowitz

In *Thank You, Goodnight*, hailed by *Billboard* as “*High Fidelity* and *About a Boy* with a dose of *Music & Lyrics* thrown in,” the lead singer of a one-hit wonder 90s band tries for one more swing at the fence.

Teddy Tremble is nearing forty and has settled into a comfortable groove, working at a stuffy law firm and living in a downtown apartment with a woman he thinks he might love. Sure, his days aren’t as exciting as the time he spent as the lead singer of Tremble, the rock band known for its mega-hit “It Feels Like a Lie,” but that life has long since passed its sell-by date.

But when Teddy gets a cryptic call from an old friend, he’s catapulted into contemplating the unthinkable: reuniting Tremble for one last shot at rewriting history. Never mind that the band members haven’t spoken in ten years, that they left the music scene in a blazing cloud of indifference, and that the only fans who seem to miss them reside in an obscure little town in Switzerland.

If Teddy manages to snooker his band mates out of their adult lives, can a once immature, self-involved fallen idol find his way back to the top—and possibly back to the one who got away? *Thank You, Goodnight* is debut novelist Andy Abramowitz’s hilarious, honest, and heartwarming story about love, lyrics, and finding one’s legacy in the unlikeliest of places.

From reader reviews:

Anthony Pisano:

In this 21st one hundred year, people become competitive in each and every way. By being competitive currently, people have to do something to make these individuals survive, being in the middle of the particular crowded place and notice by means of surrounding. One thing that often many people have underestimated this for a while is reading. Yeah, by reading a reserve your ability to survive increase then having chance to endure than other is high. For you personally who want to start reading a new book, we give you this specific Thank You, Goodnight: A Novel book as basic and daily reading book. Why, because this book is greater than just a book.

Rose Sosa:

Why? Because this Thank You, Goodnight: A Novel is an unordinary book that the inside of the reserve waiting for you to snap the item but latter it will distress you with the secret the idea inside. Reading this book adjacent to it was fantastic author who write the book in such remarkable way makes the content on the inside easier to understand, entertaining means but still convey the meaning fully. So , it is good for you because of not hesitating having this any more or you going to regret it. This phenomenal book will give you a lot of gains than the other book have got such as help improving your proficiency and your critical thinking method. So , still want to hold off having that book? If I ended up you I will go to the reserve store hurriedly.

Richard Moyer:

Playing with family in a park, coming to see the ocean world or hanging out with buddies is thing that usually you could have done when you have spare time, after that why you don't try thing that really opposite from that. Just one activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love Thank You, Goodnight: A Novel, it is possible to enjoy both. It is excellent combination right, you still would like to miss it? What kind of hang-out type is it? Oh can occur its mind hangout men. What? Still don't get it, oh come on its known as reading friends.

Betty Serrano:

Do you like reading a reserve? Confuse to looking for your chosen book? Or your book seemed to be rare? Why so many question for the book? But any kind of people feel that they enjoy intended for reading. Some people likes studying, not only science book but additionally novel and Thank You, Goodnight: A Novel or others sources were given understanding for you. After you know how the truly great a book, you feel desire to read more and more. Science book was created for teacher as well as students especially. Those textbooks are helping them to add their knowledge. In other case, beside science e-book, any other book likes Thank You, Goodnight: A Novel to make your spare time a lot more colorful. Many types of book like this one.
