As a makeup artist, I get asked all the time how I contour people's faces so flawlessly. So I thought: why not write a book about it? I'm offering my skills and secrets at a low price because I want to share how you can look your best. Are you new to makeup? Does contouring seem too difficult? Can you just not get it right even after watching the youtube videos? Then I move into the ways of how to get the perfect contour.
