If Ogden Nash, Dr. Seuss and Friedrich Nietzsche got together to write a book of poetry for emerging adults, they'd probably be disappointed to find Tom Skinner had beaten them to the punch.

For children with inquisitive minds and a sense of adventure, this book of offbeat poetry blends creativity and entertaining turns of phrases to get readers aged 8-15 to think outside any boxes convention may impose.

Taking off on the works of the wild-haired Father of Physics, Einstein's Cat erases the equation from the blackboard and gives your children permission to think on their own. Yes, a clean slate!

This collection of poems will ignite your kids to reason on their own while developing unique views of life with its inconsistencies, diversity and immutable wonder.

Praise for Skinner's work:

'As a teacher, I know that kids and teens love ideas from left field, a play on words that makes them giggle, and stretches their creative language skills. Tom's book lifts poetry, puns and ideas from the ordinariness of life, to playful comments and musings...'

'I love Shel Silverstein books (who doesn't). But this book is something more, something different. The poems are full of voluptuous words and pleasurable word play that sit in your mouth like pieces of melting chocolate. Yes, they are that good.'

Some writers mistakenly talk down to young readers, while Tom speaks with his audience in a unique voice that is refreshing, encouraging, and adventurous.

So go ahead and read along with your kids and wrap your brains around such works as Einstein's Cat, Woks Happ'ning Bro? and Stop and Smell the (Grumpy) Roses.

Einstein's Cat is the first standalone book in the unconventional poetry-prose fusion collection, Get Your Wordsworth.

Interview with the Author

Q - So, what makes the Get Your Wordsworth series special?

A - When I set out to write these books, I wanted to create a new type of poetry. A poetry-prose hybrid that was much less rigid, formal or technical than the traditional model and one that did not bore the buttocks off bright young people.

Overall, the Get Your Wordsworth series is designed for those, young and old alike, who appreciate the English language in all its nuanced, layered and textured glory and who can handle a judicious mix of the super silly and gently philosophical all imbued with a healthy dose of wry and dry humor!

Q - What order should I read the books in?

A - I've written the series so you can read the books in any order. If you do want to read them in the order they were written:

- Einstein's Cat
- Pavlov's Dog
- It's Slapstick
- Plain Crazy
- Too Much TV
- Tractor Gate
- Overload

Q - So, why should readers give these books a try?

A – Because the Get Your Wordsworth series is for mavericks and early adopters who are looking for urban, contemporary poetry prose with a twist for Generation Z who may not have the time, attention or inclination for more traditional poetry styles.

Ultimately, readers who think poetry is a tad tedious but who enjoy wit, whimsy, puns, satire and wordplay in a highly succinct, quick-read format, will get a kick out of this series.

Q - Can readers get the whole series in one go?

A - Sure. I've put together a box-set bundle if people want to save a little moolah and grab the first six books in one swoop. Check out my author page here at Amazon for more details, and a full list of my available titles.

Yolanda Harris:

As a scholar exactly feel bored to reading. If their teacher expected them to go to the library as well as to make summary for some e-book, they are complained. Just tiny students that has reading's heart or real their hobby. They just do what the teacher want, like asked to go to the library. They go to generally there but

nothing reading very seriously. Any students feel that looking at is not important, boring in addition to can't see colorful photos on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country.
