The Origins of Human Society

Peter Bogucki

The Origins of Human Society Peter Bogucki

The Origins of Human Society traces the development of human culture from its origins over 2 million years ago to the emergence of literate civilization. In addition to a global coverage of prehistoric life, the book pays specific attention to the origins and dispersal of anatomically-modern humans, the development of symbolic expression, the transition from mobile foraging bands to sedentary households, early agriculture and its consequences, the emergence of social differentiation and hereditary ranking, and the prehistoric roots of ancient states and empires.
